

Federal Bureau of

Investigation

FBI mission statement:

*“Our mission is to help protect you, your communities, and your businesses from the most dangerous threats facing our nation—from **international and domestic terrorists** to spies on U.S. soil...from cyber villains to **corrupt government officials**...from mobsters to violent gangs...from child predators to serial killers. Learn more here about our work with law enforcement and intelligence partners across the country and around the globe.”*

The importance of public corruption on our society:

“Public corruption is a breach of trust by federal, state, or local officials—often with the help of private sector accomplices. It’s also the FBI’s top criminal investigative priority. To explain why the Bureau takes public corruption so seriously and how we investigate, we talked with Special Agent Patrick Bohrer, assistant section chief of our Public Corruption/Civil Rights program at FBI Headquarters.”

Public corruption; “high on the FBI’s list of investigative priorities.”

*“Because of its impact. Corrupt public officials **undermine our country’s national security, our overall safety, the public trust, and confidence in the U.S. government, wasting billions of dollars along the way.** This corruption can tarnish virtually every aspect of society. For example, a border official might take a bribe, knowingly or unknowingly letting in a truck containing weapons of mass destruction. Or corrupt state legislators could cast deciding votes on a bill providing funding or other benefits to a company for the wrong reasons. Or at the local level, a building inspector might be paid to overlook some bad wiring, which could cause a deadly fire down the road.”*

August 23, 2010

Mr. Robert S. Mueller III
Director, Federal Bureau of Investigation
935 Pennsylvania Ave., N.W.
J. Edgar Hoover Building
WASHINGTON, DC 202324-3000

Subject: Your Protection of the Constitution of the United States of America.

Dear Director Mueller:

We undersigned citizens have grave concerns about the existence of a domestic enemy currently controlling our government. The lawless subversion of our constitutionally based government was converted into a competing form of government through other than constitutional means. This is a direct violation of the Constitution.

We believe that this bloodless coup was facilitated by members of Congress who chose to engage in a conspiracy, encouraged by the extreme levels of corruption within the Obama Administration.

On the FBI website, government corruption is noted as the number one focus of your organization. Therefore, as Director, you are personally charged with maintaining governmental compliance within the rules of law as first and foremost defined by the provisions of the Constitution of the United States of America.

It is our belief that this situation is urgent, because the conduct of those involved leads us to conclude that the crimes of Treason, Bribery, and/or other high Crimes and Misdemeanors probably have been committed against both the Constitution and the People of the United States of America.

These matters can no longer be considered to be politics as usual. The Obama administration has deliberately blurred the lines between politics and subversion so as to mask what seems to be the intent of this subversive agenda. We believe that the purpose of this agenda was to undermine and destroy our constitutional form of government. We see evidence of the progress of this strategy on a daily basis.

Confident that a proper investigation by the FBI will expose the true nature of those participating in this conspiracy, we are calling upon you to exercise the full range of your authority and to launch an immediate investigation into these critical matters as they relate to the rule of law. The specific issues will be enumerated on following pages.

Director Mueller: The fate of our great nation and the state of the public trust are in your hands. While we understand the gravity of the conflicted position in which you find the FBI as well as yourself personally, it is with complete confidence that we believe you to be a man of great integrity and ethics. Consequently, we are counting on you to perform the functions of your job, consistent with your role as Director of the FBI, and not to permit obvious political considerations to cloud or to color your judgment.

We appreciate the manner in which you willingly swore an oath to protect the Constitution and the interests of the American People. Therefore, we know that you can be depended upon to direct the necessary human capital and resources of the agency for which you are responsible, to protect the Constitutional rights bestowed by our Creator upon all citizens, and to enforce the rule of law – so as to ensure governmental adherence to our Constitution.

1	Tony Rezko's purchase	Rezko sold a 10 foot strip of his property to Obama for \$104,500, rendering the remainder of Rezko's \$625,000 investment too small to be developed and for all intents and purposes, worthless.	
2	Obama campaign donor lists	The provision of Obama campaign donor lists to ACORN in 2007 and 2008, more complete than the ones he provided to the FEC. ACORN used the lists to raise money for Obama's election from donors who had already maxed out their legally allowable contributions.	
3	Voter fraud including voter intimidation	Widespread voter fraud including voter intimidation, ballot stuffing, falsified documents, and threats of violence against Hillary Clinton supporters committed by the Obama campaign and ACORN during the 2008 Democrat primary election. For more information see my CFP article How Obama Used an Army of Thugs to Steal the 2008 Democratic Party Nomination.	
4	Not constitutionally eligible to serve as President	Obama's refusal to release his long form birth certificate which would show conclusively that he is a dual citizen and therefore not constitutionally eligible to serve as President. Obama's college records, which have also not been released, would also contain information regarding his dual citizenship status.	
5	Violation of bankruptcy laws	Protecting union interests over those of GM and Chrysler bond holders during bankruptcy proceedings, forcing investors to accept millions of dollars in losses in direct violation of bankruptcy laws, money to which they were legally entitled.	
6	Voter Discrimination	Preferential treatment given to minority and women owned car dealerships by Obama administration officials as part of the auto industry bailout program and the forced closing of a disproportionate number of rural dealerships located in areas that did not vote for Obama.	
7	Violation of Whistle Blower Law co-authored by Obama	Unsubstantiated firing of Corporation for National and Community Service Inspector General Gerald Walpin for exposing Sacramento Mayor and Obama supporter Kevin Johnson's misuse of an \$850,000 AmeriCorps grant.	
8	Bribery	Purchase of Congressional support for the passage of Obama's healthcare bill including the "Cornhusker Kickback", "Louisiana Purchase" and having the Department of Interior increase water allocations to the Central Valley of California to secure the votes of Democrat Reps. Dennis Cardoza and Jim Costa.	
9	Misrepresentation	Lying to the American people by promising they could keep their healthcare coverage if they wanted to, when in reality tens of millions will be forced out of their current plans.

10	Attempted Bribery	Attempted bribery of Rep. Joe Sestak with job offers to get him to drop out of the Senate primary race against Sen. Arlen Specter.	
11	Circumventing Congressional Authority	Directing the EPA to unilaterally set carbon emission standards, thus bypassing Congress which opposes Obama's energy reform bill. For more information see my CFP article Forget Cap and Trade: EPA Regulation of CO2 Emissions Will Begin in 10 Months.	
12	Misrepresentation	The Obama administration's statement that a panel of experts had agreed with their plan for a 6 month Gulf Coast drilling moratorium, when in actuality none of them had supported the measure.	
13	abuse of power	Bullying BP to set up a \$20 billion slush fund to compensate Gulf Coast businesses and residents affected by the oil spill, to be administered by an Obama political appointee without any judicial or congressional oversight.	
14	Violation of court orders	Implementing a third oil-drilling moratorium after the first two were thrown out of court, creating a de facto Gulf Coast offshore drilling ban in opposition to two judge's rulings.	
15	Using crisis for personal political gain	Establishment of a commission to investigate the Gulf Coast oil spill that contains not one oil industry expert and whose transparent purpose is to push a partisan political agenda rather than investigate the cause of the disaster.	
16	Violation of basic Constitutional responsibility	Obama's policy of intentionally not securing our nation's borders, in opposition to Article IV, Section 4 of the Constitution which calls for the President to protect states from foreign invasion, in an attempt to blackmail Republican support for comprehensive immigration reform. In essence, Obama is holding border states and residents politically hostage during a time they are being overrun by a narco-paramilitary invasion.	
17	Violation of 14th Amendment	Department of Justice illegal race based policies regarding voter fraud as exposed by former Justice attorney J. Christian Adams. This includes the dropping of voter intimidation charges against 2 Black Panthers brandishing weapons in front of a voting location in Philadelphia and the stated intention by political appointees to ignore voter crimes committed by African Americans, Latinos and other minorities.	
18	Violation of Voter Law	Department of Justice purposefully allowing some states to continue their disenfranchisement of military personnel serving overseas in direct opposition to the 2009 Military and Overseas Voter Empowerment (MOVE) Act, which was established in response to the more than 17,000 military votes that were not counted in the 2008 election because ballots had arrived after the deadline.

19	Abuse of Power	Recess appointment of Donald Berwick as head of the Centers for Medicare and Medicaid Services without even a token attempt to put him through the Congressional nomination process, signaling that Congress's constitutional obligation to vet presidential appointees means nothing to Obama. The same can be said of the 30+ Obama administration czars.	
20	Attempted Bribery	Spending \$23 million of taxpayer money through the U.S. Agency for International Development (USAID) to support a constitutional referendum in Kenya in spite of the Siljander Amendment, which makes it illegal for the U.S. to lobby for abortion in other countries. The Kenyan referendum was partially written by Planned Parenthood and is designed to legalize abortion in that nation.	
21	Abuse of Power	The Sherry Sherrod incident.. the original judgment of "Pigford v. Glickman" in 1999 only applied to a total of 16,000 black farmers. But in 2008, a junior Senator got a law passed to reopen the case and allow more black farmers to sue for funds. The Senator was Barack Obama.	
22	Abuse of Power	The White House sham investigation of BP's involvement in the release of the mass murdering Lockerbie bomber from prison. The Obama administration not only knew beforehand of the Scottish government's plan to set Abdel Baset al-Megrahi free on "compassionate" grounds, they even sent a letter to Scottish authorities stating their preference for his remaining in Scotland over his transfer to a Libyan prison.	
23	Abuse of Power	The canceling of 77 properly filed oil field development contracts approved by the Bush administration by Interior Secretary Ken Salazar, preventing the extraction of up to 3 trillion gallons of oil buried under Colorado, Utah, Wyoming and North Dakota, more than enough to end our dependence on foreign oil and supply the U.S. with its energy needs for hundreds of years at current consumption rates.	
24	Abuse of Power	Investigations by the Department of Homeland Security to determine the political affiliation of people making Freedom of Information Act requests and the subsequent delay and even altogether ignoring of requests made by Republican affiliated individuals.	
25	Abuse of Power	The hardest to prosecute in court, but worst crime of all that Obama has perpetrated against the American people is the economic tyranny that his socialist policies have wreaked upon our nation. While Obama has been living the life of a king, including frequent 5 star vacations, dozens of concerts at the White House and endless rounds of golf, all paid for by taxpayer money—the increased transportation and security costs alone are in the millions of dollars—he has called for the rest of us to endure economic sacrifice. The annual trillion dollar deficits and borrowing of 41 cents of every dollar of government spending by Obama is leading to unsustainable and potentially catastrophic debt.

26	Abuse of Power, Violating the Constitution	Directing the DOJ to file suit against the state of Arizona. Placing the US Government and Mexico against the state of Arizona and the American Citizens. Mexico is filing a law suit against Arizona	
27	Violation of the Constitution	The ruling against the state of Arizona by Judge Susan Bolton concerning its new immigration law is illegal. "In all cases affecting Ambassadors, other public Ministers and Consuls, and those in which a State may be Party, the supreme Court shall have original jurisdiction. " The way this reads to me is a law suit against any State must be heard by the Supreme Court.	
28	Fraud and violation of federal laws	Obama's fraudulent social security number 042-68-4425 from Connecticut	
29	Violation of banking laws, Conspiracy	The unfolding ShoreBank Incident. Congressional extortion This JOYCE FOUNDATION, which is rumored to have assets of 8 billion dollars, has now set up and funded, with a few partners, something called the CHICAGO CLIMATE EXCHANGE, known as CCX. It will be the exchange (like the Chicago Grain Futures Market for agriculture) where Environmental Carbon Credits are traded.	
30	Abuse of Power, Violating the Constitution	The appointment of Hillary Clinton to Secretary of State. She is ineligible under the Constitution to hold that office under Article 1, Section 6 "No Senator or Representative shall, during the Time for which he was elected, be appointed to any civil Office under the Authority of the United States, which shall have been created, or the Emoluments whereof shall have increased during such time; " She was appointed while she was still a Senator and the pay for that position was increased during her time in the Senate.	
31	Abuse of Power, Violating the Constitution	Some unprecedented news today, folks. Never in the history of the United Nations has a U.S. President taken the chairmanship of the powerful UN Security Council. Perhaps it is because of what could arguably be a Constitutional prohibition against doing so. To wit: Section 9 of the Constitution says: No Title of Nobility shall be granted by the United States: And no Person holding any Office of Profit or Trust under them, shall, without the Consent of the Congress, accept of any present, Emolument, Office, or Title, of any kind whatever, from any King, Prince, or foreign State.
